1 Anchorage

Welcome to Anchorage! A John Hall's Alaska representative greets all guests on arrival, transferring to the luxury accommodations, and home for the next three evenings. Join fellow travelers for a welcome reception and dinner.

Dinner

Overnight: Hotel Captain Cook

2 Katmai National Park

Over the next two days, the group splits in half and flies via small aircraft to a different national park each day - Katmai and Lake Clark. If it's Katmai day, enjoy a flightseeing tour to Katmai National Park and Preserve, arriving via floatplane at Brooks Falls. From elevated viewing platforms, witness brown bears feeding on salmon on the edge of the falls. During salmon season, as many as 50 brown bears live along the mile and a half long Brooks River.

3 Lake Clark National Park

There are no roads into Lake Clark National Park and Preserve so travel includes flying aboard a small plane. This day trip features a guided boat tour, hiking, and a chance to visit the park's visitor center. Lake Clark preserves the ancestral homelands of the Denaina people in this rich wilderness of volcanoes, mountains, alpine tundra and glacial lakes. Spend a few hours exploring the area before flying back to Anchorage.

4 Wrangell-St. Elias National Park

Travel the Glenn Highway before boarding a small plane on a flightseeing trip. Land in the old mining towns (and Alaska's most famous ghost town) of Kennicott-McCarthy and transfer to quaint Kennicott Glacier Lodge - with views of Kennicott Glacier from the porch.

*Accommodations may include a shared bath. The lodge was chosen for its glacial views, quality of cuisine, and service which cannot be duplicated elsewhere in town.
